

Long-Span STEPTREADS

The durable solution for Hawaii's tropic elements

Koko Marina Shopping Center, Oahu

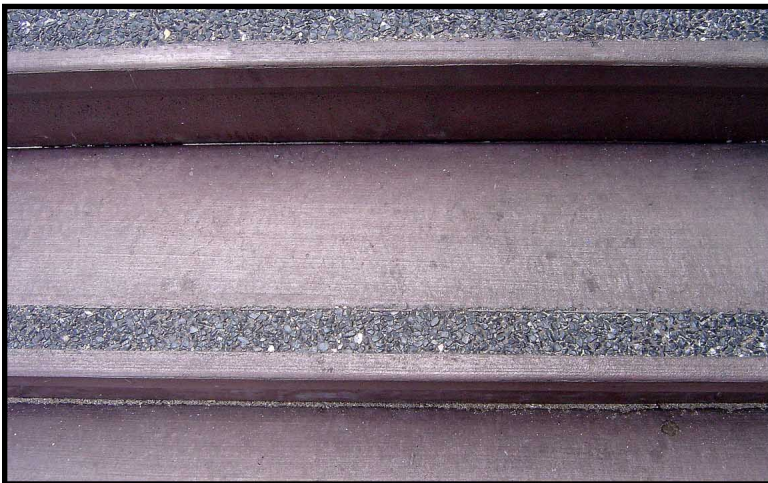

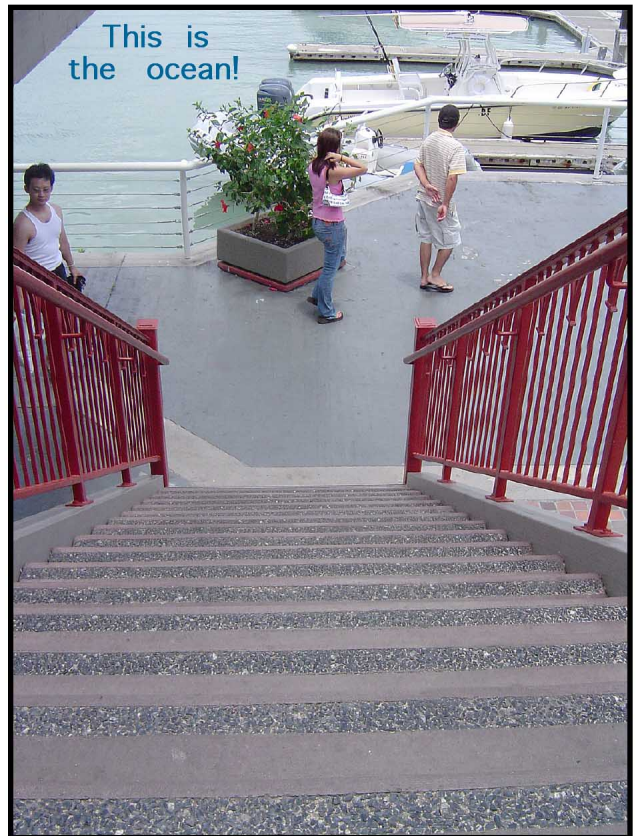

Architect: Mike Kujubu, Architecture 20/20

Job completed early 2004

Closed-Riser Long-Span STEPTREADS by Stepstone Inc. are Hawaii's answer for larger commercial projects. Free span to 8' long, with 12" to 15" tread depth.

These STEPTREADS have extra reinforcing for rigidity. They are typically welded on to your steel stringers. Sealed with stain repellent.

These Long-Span STEPTREADS are 5' wide.
Color: Espresso Brown, broom finish, black aggregate visibility stripe.
