

Moana Estates JOB TOUR

Using STEPTREADS, Wall Caps, Classic Pavers

Here's Moana Estates, a large upscale project being built and developed by Towne Realty in Kihei, Maui. They are proud of winning the Parade of Homes in Oct '07!

Closed-Riser STEPTREADS by STEPSTONE INC were used, broom finish, in Hawaiian Sand color. Classic Wall Caps are used to highlight the railing walls leading up, shown close-up on bottom left. Bottom right shows how the treads transition to the landing with Classic Walk Pavers of the same color, stipple finish, on another building.
